3.

SKETCH

Hatched areas are strips of land formerly parts of original road allowances, now attached to and forming part of the N.W. $\frac{1}{4}$, S.W. $\frac{1}{4}$ and the S.E. $\frac{1}{4}$ of section 10 adjoining the strips on the east and north. N.W. $\frac{1}{4}$ section originally surveyed with 160 acres is increased to 162 acres by strip on west side. S.E. $\frac{1}{4}$ section originally surveyed with 160 acres is increased to 162 acres by strip on south side. (5) The said section 4 is amended by adding thereto the following subsection:

whichever is greater, and, in such a case, this section shall apply as though the paid-up capital as so determined were the total paid-up capital of the corporation and as though the corporation had no permanent establishments outside of Canada.

(a) in any case where, at the time the contract or arrangement was entered into, the lessee and the person in whom the property was vested at that time, hereinafter referred to as the "lessor" were persons not dealing at arm's length, at a capital cost equal to the capital cost thereof to the lessor; and

(b) in any other case, at a capital cost equal to the price fixed by the contract or arrangement minus the aggregate of all amounts paid by the lessee,

1. The capital cost at which, for the purpose of a deduction under clause *a* of subsection 1*a* of section 23 and for the purpose of section 32, the lessee shall be deemed to have acquired the depreciable property is,

(a) in any case where clause *a* of subsection 1 is applicable, the capital cost of the depreciable property to the lessor, and

(b) in any other case, the capital cost at which the lessee is deemed by subsection 1 to have acquired the property minus the fair market value, at the time the contract or arrangement was entered into of the part of the property that is not depreciable property.

and, in any case where the aggregate of the amount so paid by him exceeds the capital cost at which he is so deemed to have acquired the depreciable property, the amount of the excess shall, for the purpose of computing his income for the fiscal year in which the contract or arrangement was so rescinded or determined, be deemed to have been paid by him in that fiscal year under the contract or arrangement for the use of the property and not on account of its price.

3. Where there is more than one time at which the condition referred to in subsection 1 may be satisfied and the property has, upon the satisfaction of the condition otherwise than at the latest of those times, vested in the lessee, he shall, for the purpose of section 32, be deemed to have received at the time the property vested in him an amount as proceeds of disposition of the depreciable property equal to,

(a) the capital cost at which he is deemed by rule 1 to have acquired the depreciable property,

minus

(b) the aggregate of all amounts paid by him under the contract or arrangement on account of the rent or other consideration, minus the fair market value, at the time the contract or arrangement was entered into, of the part of the property, that is not depreciable property,

and, in any case where the amount determined under clause *b* exceeds the capital cost at which he is so deemed to have acquired the depreciable property, the capital cost at which, for the purpose of a deduction under clause *a* of subsection 1*a* of section 23 and for the purpose of section 32, he shall be

deemed to have acquired the depreciable property is the capital cost at which he is deemed by rule 1 to have acquired that property plus the amount of the excess.

4. Where it was agreed by the contract or arrangement that the property might, upon the satisfaction of the condition referred to in subsection 1, vest in a person with whom the lessee was not dealing at arm's length and the property has, upon the satisfaction of the condition at a subsequent time, vested in that person, hereinafter referred to as the "new owner", for the purpose of a deduction under clause *a* of subsection 1*a* of section 23 and for the purpose of section 32,

- (a) the lessee shall be deemed to have disposed of the depreciable property at that subsequent time for an amount equal to its undepreciated capital cost to him at that time,
- (b) the capital cost of the depreciable property to the new owner shall be deemed to be an amount equal to the capital cost at which the lessee is deemed by rule 1 to have acquired that property, and
- (c) an amount equal to the capital cost of the depreciable property to the new owner as determined under clause *b* minus the amount for which the lessee is deemed by clause *a* to have disposed of the depreciable property shall be deemed to have been allowed to the new owner, in respect of property of the prescribed class to which the depreciable property belongs, under regulations made under clause *a* of subsection 1*a* of section 23 in computing income for fiscal years before the acquisition of the depreciable property by the new owner.

- (3) In this section,

- (a) a reference to "the price fixed by the contract or arrangement" shall, where there is more than one time at which the condition referred to therein may be satisfied, be construed as a reference to the price so fixed as though there were only one time at which the condition may be satisfied and that time were the latest of those times; and
- (b) "rent or other consideration", in relation to any contract or arrangement for the leasing or hiring of property, does not include any amount paid as or on account of property taxes or repairs in respect of the property.

- (4) This section does not apply in the case of any lease-option agreement, hire-purchase agreement or other contract or arrangement for the leasing or hiring of property entered into after 1957, where the amount fixed by the contract or arrangement as the price at which the property may be purchased on the satisfaction of the condition referred to in subsection 1 is, in the event of the satisfaction of the condition within a period of,

- (a) not more than five years after the contract or arrangement was entered into, an amount not less than 100 per cent;
- (b) more than five years but not more than ten years thereafter, an amount not less than 75 per cent; and
- (c) more than ten years thereafter, an amount not less than 60 per cent,

of the fair market value of the property at the time the contract or arrangement was entered into.

107. *The Corporations Tax Act, 1957* is amended by adding thereto the following section:

34*a*.—(1) Where an amount is included in computing the income of a corporation for a fiscal year by virtue of section 32 and where the corporation has elected to pay tax thereon in accordance with section 43 of the *Income Tax Act* (Canada), the corporation shall exclude the amount that would otherwise be taxable so that,

- (a) no amount shall be included in computing its income for the fiscal year by virtue of section 32; and

111.—(1) Subsection 1 of section 48 of *The Corporations Tax Act, 1957* is repealed and the following substituted therefor:

- (1) Where a corporation is an employer and has made a special payment in a fiscal year on account of an employees' superannuation or pension fund or plan in respect of past services of employees pursuant to a recommendation by a qualified actuary in whose opinion the resources of the fund or plan required to be augmented by an amount not less than the amount of the special payment to ensure that all the obligations of the fund or plan to the employees may be discharged in full, and has made the payment so that it is irrevocably vested in or for the fund or plan and the payment has been approved by the Treasurer, there may be deducted in computing the income of the corporation for the fiscal year the amount of the special payment.

(2) This section applies to corporations in respect of all fiscal years ending during 1958 and subsequent fiscal years, and in the case of any special payment made before the commencement of the fiscal year of a corporation ending in 1958 in respect of which an amount would, but for this section, have been deductible under section 48 of *The Corporations Tax Act, 1957* in computing the income of a corporation for the fiscal year thereof ending in 1958 or any subsequent fiscal year, notwithstanding clauses *a* and *b* of subsection 1 of section 24, there may be deducted in computing the income of the corporation for its fiscal year ending in 1958 an amount not exceeding the amount of the special payment minus the aggregate of the amounts that were deductible in respect thereof under section 48 in computing the income of the corporation for fiscal years thereof that ended prior to the fiscal year ending in 1958.

112.—(1) Subsection 5 of section 54 of *The Corporations Tax Act, 1957* is repealed and the following substituted therefor:

- (5) Notwithstanding subsection 4, where a corporation the principal business of which is of the class described in clause *a* or *b* of subsection 3 has after 1952 paid an amount, other than a rental or royalty, to the Government of Canada or of a province for,
 - (a) the right to explore for petroleum or natural gas on a specified parcel of land in Canada, which right is, for greater certainty, declared to include a right of the type commonly referred to as a "licence", "permit" or "reservation"; or
 - (b) a legal lease of the right to take or remove petroleum or natural gas from a specified parcel of land in Canada,

and the corporation has, before any well came into production on the land in reasonable commercial quantities, surrendered all its rights so acquired, including, in respect of a right of the kind described in clause *a*, all rights thereunder to any lease and all rights under any lease made thereunder, without receiving any consideration therefor or repayment of any part of the amount so paid, the amount so paid shall, for the purpose of subsection 3, be deemed to have been an expense incurred by the corporation as a drilling or exploration expense on or in respect of exploring or drilling for petroleum or natural gas in Canada during the fiscal year in which its rights were so surrendered.

(2) The said section 54, as amended by section 22 of *The Corporations Tax Amendment Act, 1958*, is further amended by adding thereto the following subsection:

(8b) For the purposes of this section and section 61a, "drilling and exploration expenses" incurred on or in respect of exploring or drilling for petroleum or natural gas in Canada includes expenses incurred on or in respect of,

- (b) drilling for water or gas for injection into a petroleum or natural gas formation in Canada; and
- (c) drilling or converting a well for the injection of water or gas to assist in the recovery of petroleum or natural gas from another well in Canada.

113.—(1) Subsection 1 of section 55 of *The Corporations Tax Act, 1957* is repealed and the following substituted therefor:

(1) Where a corporation to which the exemptions provided by subsection 29 of section 4, subsection 8 of section 5 and the specially reduced tax provided by subsection 7 of section 6 would otherwise apply is prescribed by regulation, such exemptions and specially reduced tax shall not apply.

(2) Subsection 4 of the said section 55 is amended by striking out "of Her Majesty" in the first line.

114. Section 57 of *The Corporations Tax Act, 1957* is amended by adding thereto the following subsection:

(6a) Clause c of subsection 1 does not apply to allow a deduction in computing the income of a corporation for a fiscal year from a business in any case where the income of the corporation for the fiscal year from that business is computed in accordance with the method authorized by subsection 1 of section 60.

115. Subsection 1 of section 60 of *The Corporations Tax Act, 1957* is amended by inserting after "elects" in the fourth line "under subsection 1 of section 85F of the *Income Tax Act (Canada)*", so that the first seven lines of the subsection shall read as follows:

(1) For the purpose of computing the income of a corporation for a fiscal year from the business of farming, the income from the business for that fiscal year may, if the corporation so elects under subsection 1 of section 85F of the *Income Tax Act (Canada)*, be computed in accordance with a method hereinafter in this section referred to as the "cash" method, whereby the income therefrom for that fiscal year shall be deemed to be an amount equal to,

116. Paragraph A of subclause i of clause a of section 61 of *The Corporations Tax Act, 1957* is repealed and the following substituted therefor:

(A) each amount outstanding at the end of the fiscal year as or on account of the principal amount of loans made by the corporation on the security of a mortgage, hypothec or agreement of sale of real property, or as or on account of the principal amount of any such mortgage, hypothec or agreement of sale purchased by the corporation.

117. Part III of *The Corporations Tax Act, 1957* is amended by adding thereto the following section:

Amalgamation of Corporations

61.—(1) In this section, an amalgamation of two or more corporations means a merger of such corporations, each of which is in this section

referred to as a "predecessor corporation", to form one corporate entity, in this section referred to as the "new corporation", in such manner that,

- (a) all of the property of the predecessor corporations immediately before the amalgamation becomes property of the new corporation by virtue of the amalgamation;
- (b) all of the liabilities of the predecessor corporations immediately before the amalgamation become liabilities of the new corporation by virtue of the amalgamation; and
- (c) all of the shareholders, except any predecessor corporation, of the predecessor corporations immediately before the amalgamation become shareholders of the new corporation by virtue of the amalgamation,

otherwise than as a result of the acquisition of property of one corporation by another corporation pursuant to the purchase of such property by the other corporation or as the result of the distribution of such property to the other corporation upon the winding-up of the corporation.

(2) Where there has been an amalgamation of two or more corporations, the following rules apply:

1. For the purposes of this Act, the first fiscal year of the new corporation shall be deemed to have commenced at the time of the amalgamation, and a fiscal year of a predecessor corporation that would otherwise have ended after the amalgamation shall be deemed to have ended immediately before the amalgamation.

2. For the purpose of computing the income of the new corporation for its first fiscal year, where the property described in its inventory, if any, at the commencement of that fiscal year includes,

- (a) property that was described in the inventory of a predecessor corporation at the end of its fiscal year that ended immediately before the amalgamation, which fiscal year is in this section referred to as its "last fiscal year", or
- (b) property that would have been described in the inventory of the predecessor corporation at the end of its last fiscal year if its income for that fiscal year had not been computed in accordance with the method authorized by subsection 1 of section 60,

the property so included shall be deemed to have been acquired by the new corporation at the commencement of its first fiscal year for an amount determined in accordance with section 26 as the value thereof for the purpose of computing the income of the predecessor corporation for its last fiscal year, except that, where the income of the predecessor corporation for its last fiscal year was computed in accordance with the method authorized by subsection 1 of section 60, the amount so determined shall be deemed to be nil.

3. Where the method adopted by the new corporation for computing its income for a fiscal year is not the same as the method adopted by a predecessor corporation for computing its income for its last fiscal year or a previous fiscal year, in computing the income of the new corporation for that fiscal year,

(a) there shall be included any amount received by it in that fiscal year in payment of or on account of a debt owing to the predecessor corporation that would, if it had been received by the predecessor corporation in its last fiscal year, have been included in computing the income of the predecessor corporation for that fiscal year; and

(b) there may be deducted any amount paid by it in that fiscal year in payment of or on account of a debt owing by the predecessor corporation that would, if it had been paid by the predecessor corporation in its last fiscal year, have been deductible in computing the income of the predecessor corporation for that fiscal year.

4. For the purposes of clause *a* of subsection 1*a* of section 23 and section 32,

(a) where depreciable property is acquired by the new corporation from a predecessor corporation, the capital cost of the depreciable property to the new corporation shall be deemed to be the amount that was the capital cost thereof to the predecessor corporation; and

(b) in determining the undepreciated capital cost to the new corporation of depreciable property at any time, there shall be included in the aggregate of the amounts to be subtracted from the capital cost to the new corporation of depreciable property the aggregate of the amounts that would have been so subtracted in computing the undepreciated capital cost to each of the predecessor corporations of depreciable property immediately before the amalgamation.

5. For the purpose of computing the income of the new corporation for a fiscal year, any amount that has been deducted as a reserve under clause *g* of subsection 1 of section 23, section 57 or section 61 in computing the income of a predecessor corporation for its last fiscal year shall be deemed to have been deducted as a reserve thereunder in computing the income of the new corporation for a fiscal year immediately preceding its first fiscal year.

6. For the purpose of computing a deduction from the income of the new corporation for a fiscal year under clause *g* or *h* of subsection 1 of section 23 or section 61, where any debt owing to a predecessor corporation,

(a) that was included in computing the income of the predecessor corporation for its last fiscal year or a previous fiscal year; or

(b) that arose from a loan made in the ordinary course of business by the predecessor corporation, part of the ordinary business of which was the lending of money,

has, by virtue of the amalgamation, been acquired by the new corporation, the amount thereof shall be deemed to be a debt owing to the new corporation that was included in computing the income of the new corporation for a previous fiscal year or that arose from a loan so made by it, as the case may be.

7. For the purpose of clause *a* of section 37, gifts made by a predecessor corporation in its last fiscal year shall, to the extent that they were not deductible in computing its taxable income for that fiscal year, be deemed to have been made by the new corporation in a fiscal year immediately preceding its first fiscal year.

8. For the purpose of clause *c* of section 37, business losses sustained by a predecessor corporation are not deductible in computing the taxable income of the new corporation.

9. For the purpose of computing the undistributed income of the new corporation on hand at any time, where a predecessor corporation had undistributed income on hand immediately before the amalgamation, the amount thereof shall be added to the amount determined under subsection 1 of section 52 from which the aggregate of the amounts referred to in clauses *a* to *f* thereof is to be subtracted.

- (3) Notwithstanding subsection 7 of section 54, where there has been an amalgamation of two or more corporations after the year 1957 and the principal business of the new corporation is,

(a) production, refining or marketing of petroleum, petroleum products or natural gas, or exploring or drilling for petroleum or natural gas;

(b) mining or exploring for minerals;

(c) processing mineral ores for the purpose of recovering metals therefrom; or

(d) a combination of processing mineral ores for the purpose of recovering metals therefrom and processing metals recovered from the ore so processed,

there may be deducted by the new corporation in computing its income for a fiscal year the aggregate of the following amounts in respect of expenses incurred by predecessor corporations, namely, in respect of each individual predecessor corporation, an amount that is the lesser of,

(e) the aggregate of,

(i) the drilling and exploration expenses, including all general geological and geophysical expenses, incurred by the predecessor corporation on or in respect of

exploring or drilling for petroleum or natural gas in Canada, and

- (ii) the prospecting, exploration and development expenses incurred by the predecessor corporation in searching for minerals in Canada,

to the extent that such expenses,

- (iii) were not deductible by the new corporation in computing its income for a previous fiscal year and were not deductible by the predecessor corporation in computing its income for its last fiscal year or its income for a previous fiscal year, and
 - (iv) would, but for the provisions of clause *b* of subsection 1 of section 54, clause *b* of subsection 2 of section 54, clause *d* of subsection 3 of section 54, clause *d* of subsection 7 of section 54, or any of those clauses, have been deductible by the predecessor corporation in computing its income for its last fiscal year; or
- (f) of the aggregate determined under clause *e*, an amount equal to such part of the income of the new corporation for the fiscal year,
- (i) if no deduction were allowed under clause *b* of subsection 1*a* of section 23, and
 - (ii) if no deduction were allowed under this section,

minus any deduction allowed for the fiscal year by section 38, as may reasonably be regarded as attributable to the production of petroleum or natural gas from wells, or the production of minerals from mines, situated on property from which the predecessor corporation had, immediately before the amalgamation, a right to take or remove petroleum or natural gas or a right to take or remove minerals,

and no amount in respect of expenses of the predecessor corporation included in the aggregate determined under clause *e* shall, where subsection 1 of section 52 is being applied to determine for the purposes of rule 1 of subsection 2 of this section the undistributed income of the predecessor corporation on hand immediately before the amalgamation, be included in the amount or amounts deductible under any clause of subsection 1 of section 52.

118.—(1) Subregulations 1, 4 and 5 of regulation 101, regulations 102 and 103, subregulation 1 of regulation 104 and regulations 107, 110 and 115 apply in respect of the fiscal years of corporations ending in 1957 and in respect of subsequent fiscal years.

PART 1

PUBLIC AND SEPARATE SCHOOLS

APPLICATION

6. This Part applies to general legislative grants in respect to public and separate schools.

INTERPRETATION

7.—(1) In regulations 10 and 13, "recognized cost" means,

- (a) the portion approved by the Minister for grant purposes of the payment, or of the amount set aside for payment, by a board from its current funds, or on its behalf by a municipal council, in the current year on principal and interest due in that year on debentures issued and capital loans obtained on or after the 1st day of January, 1951;
- (b) the portion approved by the Minister for grant purposes of the payment, or of the amount set aside for payment, by a board from its current funds, or on its behalf by a municipal council, in the preceding year on principal and interest due in that year on debentures issued and capital loans obtained before the 1st day of January, 1951;
- (c) the disbursement in respect of tuition fees to another board by a board from its current funds, or on its behalf by another board, in the preceding year;
- (d) the portion of the cost approved by the Minister for grant purposes in respect of disbursements made by a board from its current funds in the preceding year, except as set forth under regulation 13, for
 - (i) transportation of pupils to and from school where their parents or guardians do not contribute directly to the cost of the transportation,
 - (ii) structural alterations, new foundations, new basements, new stairways, new roofs, new floors, fire-escapes, fire-doors, new heating-equipment, new lighting, new sanitary-conveniences of a modern type, new water-facilities, new fences, new blackboards, new desks, new pianos, and new film-projectors, except where the school under the jurisdiction of the board is in an urban municipality having a population of 2,500 or more or is in a rural municipality having a population of 25,000 or more,
 - (iii) capital outlays for new schools, for additions to schools, and for new class-rooms, and

(iv) capital outlays for school buses for the transportation of pupils; and

(e) the total disbursements made by a board from its current funds in the preceding year, except as set forth under regulation 13, for

(i) instructional salaries not exceeding \$115 for each pupil of average daily attendance as determined under sub-regulations 1 and 2 of regulation 8 and under regulation 9, except where the board qualifies for a grant under sub-regulation 1 of regulation 10,

(ii) fuel and electricity where the board qualifies for a grant under subregulation 5 of regulation 10 and the assessment per classroom unit is less than \$30,000,

(iii) restoration of insured school-property destroyed or damaged, but not exceeding an amount equal to the insurance proceeds received in respect thereof, and

(iv) the fee for membership in the Ontario School Trustees' Council and the fee paid for membership in one member association of the Ontario School Trustees' Council,

less current-fund receipts as follows:

- (h) insurance proceeds;
- (i) receipts from the sale of school buildings and equipment; and
- (j) refunds and reimbursements connected with disbursements previously included in recognized cost.

(2) In this Part, "recognized extraordinary expenditure per class-room" for a board operating a school means the quotient obtained by dividing the sum of the amounts recognized for grant purposes for debenture payments, for capital outlays from current funds, and for transportation, by the number of class-rooms recognized for grant purposes, but excluding from the calculation the fractions of class-rooms to which the board of a larger unit of administration is entitled in sub-clause i of clause b of subregulation 3.

(3) In this Part,

(a) "assessment" means,

(i) the assessment of all property, including any business assessment, rateable for public-school purposes in the public-school section or for separate-school purposes in the area prescribed under section 57 of *The Separate Schools Act*, as the case may be, as shown on the assessment roll on which taxes were levied for the preceding year, adjusted by the provincial equalizing factor, and

(ii) where moneys are received by the board under section 33 of *The Assessment Act* or clause b of regulation 4 of Ontario Regulations 197/52, the assessment as set forth in sub-clause i, together with an amount equivalent to that which, if levied upon at the rate of real-property taxation on the rate-payers of the school-section or separate-

school organization for school purposes, would result in taxes equal to the moneys so received by the board, adjusted by the provincial equalizing factor,

but where the assessment per class-room to be used for a board in the calculation of the grant under subregulation 4, 5, or 7 of regulation 10 is more than 110 per cent of the assessment per class-room used for that board in the preceding year, the assessment per class-room of that board means 110 per cent of the latter assessment, and where there is no assessment for school purposes, the assessment per class-room shall be deemed to be \$160,000;

(b) "number of class-rooms" means,

- (i) for the board of a larger unit of administration, the number of open class-rooms on the first school-day of the current year, together with one-half of a class-room, for each of the former school-sections or separate-school areas in which the board is not operating a school and which are included in the larger unit,
- (ii) for a board all of whose pupils are attending a school operated by another board, the quotient, adjusted to the next largest whole number, obtained by dividing the number of those pupils enrolled on the first school-day of the current year by 39,
- (iii) for a board operating a school and having more than 20 pupils enrolled on the first school-day in the current year at a school operated by another board, the number of open class-rooms on the first school-day of the current year added to the quotient, adjusted to the next largest whole number, obtained by dividing the number of those pupils by 39, and
- (iv) for other boards, the number of open class-rooms on the first school-day of the current year,

but in determining the number of open class-rooms, open class-rooms in excess of the number in subregulation 3 of regulation 8 shall not be counted;

(c) "cost of operating" means

- (i) the total of the disbursements for the normal operation of the board for school purposes, exclusive of payments in respect of principal, interest, and other charges on debentures issued and capital loans obtained on or after the 1st day of January, 1951, paid out of current funds by a board or on its behalf during the preceding year, and
- (ii) payments by a board or on its behalf in respect of principal, interest, and other charges due in the current year on debentures issued and capital loans obtained on or after the 1st day of January, 1951,

less current-fund receipts as follows:

- (iii) tuition fees from another board, and
- (iv) reimbursement for transportation of non-resident pupils;

(d) "larger unit of administration" means a consolidated-school section, a township school area, an area under a township board, an improvement district, or a union of separate-school areas;

(e) "open class-room" means a class-room used throughout each school-day by pupils in the charge of a teacher, and where a class-room is used for half of each school-day for kindergarten purposes, the class-room is half an open class-room; and

(f) "population" means the population of the municipality as shown on the assessment roll on which taxes for the preceding year were levied, less the number of inmates of public institutions.

AVERAGE DAILY ATTENDANCE

8.—(1) Subject to subregulation 2, for the purpose of sub-clause i of clause e of subregulation 1 of regulation 7, the average daily attendance shall be the average daily attendance for the preceding year together with any additional average daily attendance to which the board is entitled under regulation 9.

(2) The average daily attendance shall be not less than the figure computed by multiplying the number of open class-rooms by 30, but the number of open class-rooms for this purpose shall be

- (a) the number of open class-rooms as set forth under clauses a and b of subregulation 3; or
- (b) the number of open class-rooms actually in operation on the first school-day of the current year,

whichever is the lesser.

(3) The number of open class-rooms shall not exceed

- (a) where the average daily attendance for a board in an urban municipality or in a rural school is fewer than 300, the number obtained by dividing the average daily attendance by 33 and allowing an additional room for any remaining fraction; or
- (b) where the average daily attendance for a board in an urban municipality or in a rural school is 300 or more, the number obtained by dividing the average daily attendance by 30 and making no allowance for any remaining fraction.

(4) For the purposes of determining the grant in respect of average daily attendance provided in regulation 10, "average daily attendance" for a board means average daily attendance of pupils for the previous year together with any additional average daily attendance to which the board is entitled under regulation 9.

9.—(1) Where a board operates one or more auxiliary classes or units, the average daily attendance, as determined under regulation 8, shall be increased by adding thereto,

- (a) 20 for each braille class for the blind, hard-of-hearing class, hospital class, orthopaedic class, sight-saving class, and each full-time home-instruction teacher;

(8) A board that operated a school for only one term in the preceding year shall be paid a grant for that term calculated under the provisions of subregulation 1, 2, 3, 4, 5, or 6, whichever is applicable, and for the other term, under the provisions of subregulation 7.

(9) In addition to the grants under subregulations 1, 2, 3, 4, 5, 7, and 8, the board of a public or separate school shall be paid an additional grant of \$3 per pupil in respect of the increased average daily attendance under subregulation 1 of regulation 9.

11.—(1) In addition to the grant under subregulation 5 of regulation 10, a grant of \$300 shall be paid,

- (a) to each board in the year it enters a larger unit of administration; and
- (b) to the board of a larger unit of administration, that consists of at least 2 former school-sections or 2 former separate-school areas, for each former school-section or former separate-school area included in the larger unit of administration before the current year,

but where at least six former school-sections or six former separate-school areas are under one board, the grant shall be \$500 for each former school-section or former separate-school area.

(2) In the year in which a former school-section or a former separate-school area is withdrawn from a larger unit of administration, no grant in respect of that section or area shall be paid under subregulation 1.

TRANSFER OF SECTIONS AND AREAS

12.—(1) Where the whole of a public-school section, or a separate-school area, is transferred from one board to another, the grant for the former board for the year following the transfer shall be calculated as though there had been no transfer and be paid to the latter board.

(2) Where part of a school-section or a separate-school area is transferred from one board to another, for the year following the transfer,

- (a) the grant, exclusive of the grant calculated under subregulation 1 of regulation 11, shall be calculated as though there had been no transfer;
- (b) the portion of the grant calculated in respect of the debenture instalment on a debenture issued on behalf of either the part remaining or the part transferred shall be paid to the board of the school-section or separate-school area in the part remaining or in the part transferred, as the case may be;
- (c) the remainder of the grant calculated under clause a shall be paid to each board in the proportion that the number of pupils residing in the remaining part and residing in the part transferred, respectively, bears, on the last school-day of September preceding the transfer, to the number of pupils residing in the section or area being divided; and
- (d) where applicable, the grant under subregulation 1 of regulation 11 shall be calculated in respect of the number of former sections or areas remaining in the larger unit of administration and be paid to the board of the larger unit of administration.

NEW BOARDS AND BOARDS COMMENCING OPERATION OF A SCHOOL

13.—(1) In the year in which a new board is established, other than a board assuming jurisdiction for school purposes of an area previously administered by another board, and in each year thereafter until the year following that in which the newly-formed board has operated a school for a year, the average daily attendance and recognized cost of the current year shall be used for the purposes of this Part.

(2) In the year in which a board commences operation of a school, and the board or any former board incorporated therein has not previously operated a school, and in each year thereafter until the year following that in which the board has operated the school for a year, the average daily attendance and recognized cost of the current year shall be used for the purposes of this Part.

(3) The portion approved by the Minister for grant purposes of a disbursement for,

- (a) capital charges;
- (b) capital outlays from current funds;
- (c) tuition fees paid to another board; or
- (d) transportation,

shall be included in recognized cost but not for more than one year.

MILK

14. The board of a public or separate school shall be paid a grant equal to 50 per cent of the amount expended in the preceding year for the purchase of milk for consumption by its pupils on school days between 8.45 a.m. and 4.00 p.m., and supplied to them free of charge, less that portion of any amount contributed for the purchase of milk from any source which is in excess of 50 per cent of the amount so expended.

BOARDS APPOINTED UNDER SECTION 66 OF THE PUBLIC SCHOOLS ACT

15.—(1) Where a rural school-section is designated and a board appointed under subsection 1 of section 66 of *The Public Schools Act*, "recognized cost" means the total amount of money paid out of current revenue during the preceding year for the operation of the school or schools under the jurisdiction of the board, inclusive of tuition fees paid to any other board but exclusive of capital expenditures and expenditures for text-books, library books, milk, and rent, and less tuition fees received from any other board.

(2) The board so appointed shall be paid a grant of 50 per cent of the recognized cost as defined in subregulation 1, but where the board operates a school in a sanatorium, a hospital, or a centre for the treatment of cerebral palsy established under section 66 of *The Public Schools Act*, the grant shall be 80 per cent of the instructional salaries, 50 per cent of the tuition fees, and 50 per cent of the recognized cost for transportation as defined in sub-clause i of clause d of subregulation 1 of regulation 7, of pupils going to other schools, as paid in each case in the preceding year.

(3) Notwithstanding subregulations 1 and 2, where Canada reimburses Ontario for a portion of the disbursements for the training of disabled or handicapped persons made to a board so appointed, no grant shall be paid under these regulations.

LIMITATION OF GRANTS

16.—(1) Except in the case of the board of a larger unit of administration, the grants under this Part shall not exceed the amount by which the cost of operating exceeds the township grant payable under section 91 or 115 of *The Public Schools Act*.

(2) The total of the grants to a board under this Part and under Parts 4, 5, 6, and 7 shall not exceed in any year,

- (a) 90 per cent of the cost of operating where the assessment per class-room is \$30,000 or more, or
- (b) 95 per cent of the cost of operating where the assessment per class-room is less than \$30,000.

PART 2

HIGH SCHOOLS, CONTINUATION SCHOOLS,
AND VOCATIONAL SCHOOLS

APPLICATION

17. This Part applies to general legislative grants in respect of high schools, continuation schools and vocational schools.

INTERPRETATION

18.—(1) In this Part, "recognized cost", in respect of secondary schools and subject to subregulation 2, means,

- (a) the portion approved by the Minister for grant purposes of the payment, or of the amount set aside for payment, by a board from its current funds, or on its behalf by a municipal council, in the current year on principal and interest due in that year on debentures and capital loans other than those in respect of buildings, additions to buildings or equipment upon which a grant is provided by regulation 22;
- (b) the portion approved by the Minister for grant purposes of the payment, or of the amount set aside for payment, by a board from its current funds, or on its behalf by a municipal council, in the preceding year on principal and interest due in that year on debentures issued and capital loans obtained before the 1st day of January, 1945;
- (c) the disbursement from current funds made by a board, or on its behalf by another board, during the preceding year in respect of tuition fees to another board for pupils attending a secondary school operated by that board and, where subregulation 1 of regulation 24 is applicable, tuition fees with respect to the year preceding the transfer which are owed to the board of any former district transferred to a new district by any other board transferred to that district;
- (d) the portion of the cost approved by the Minister for grant purposes in respect of disbursements made by a board from its current funds in the preceding year, except as set forth under regulation 25, for
 - (i) transportation of pupils to and from school where their parents or guardians do not contribute directly to the cost of the transportation,
 - (ii) capital outlays for new buildings, for additions to buildings, and for equipment for new class-rooms,
 - (iii) capital outlays for school buses for the transportation of pupils, and
 - (iv) capital outlays for new heating-equipment, for new lighting, and for new sanitary-conveniences of a modern type, in schools already in operation where the average population of the municipalities within or partly within the high or continuation school district, whether or not only part of any municipality is included in the district, is under 3000; and
- (e) the total disbursements made by a board from its current funds in the preceding year, except as set forth under regulation 25, in respect of

- (i) the fee paid for membership in the Ontario School Trustees' Council and the fee paid for membership in one member association of the Ontario School Trustees' Council,

- (ii) capital outlays exclusive of expenditures for text-books, for school sites, for improvement of school sites, and for items under sub-clauses ii, iii, and iv of clause d, but not exceeding an amount computed by multiplying \$5 by the average daily attendance of pupils in high or continuation schools and \$10 by the average daily attendance of pupils enrolled in vocational courses,

- (iii) restoration of insured school-property destroyed or damaged, but not exceeding an amount equal to the insurance proceeds received in respect thereof,

less current-fund receipts as follows:

- (f) amounts transferred to current funds from capital funds;
- (g) insurance proceeds;
- (h) proceeds from the sale of school buildings and equipment; and
- (i) refunds and reimbursements connected with disbursements previously included in recognized cost.

(2) Except where grants are payable under regulation 22, debenture charges and capital outlays from current funds shall form part of the recognized cost only in the proportion that the average daily attendance of all pupils attending the schools under the jurisdiction of a board, exclusive of the average daily attendance of pupils whose fees are payable by another board, bears to the total average daily attendance in those schools.

(3) In this Part "recognized extraordinary expenditure per pupil" for a board operating a secondary school means the quotient obtained by dividing the sum of the amounts recognized for grant purposes under this Part for debenture payments due in the current year, for capital outlays from current funds, and for transportation by the average daily attendance of all pupils that attended the school or schools operated by the board during the preceding year, but excluding the average daily attendance of those pupils whose fees are payable by another board.

(4) In this Part,

(a) "assessment" means,

- (i) the assessment of all property, including any business assessment, rateable for school purposes in each municipality within or partly within the high or continuation-school district, whether or not only part of any municipality is included in the district, as shown on the assessment roll on which taxes were levied for the preceding year, adjusted by the provincial equalizing factor, and

- (ii) where moneys are received by the board under section 33 of *The Assessment Act* or clause b of regulation 4 of Ontario Regulations 197/52, the assessment as set forth in sub-clause i, together with an amount equivalent to that which, if levied upon at the rate of real-property taxation on the rate-payers of the high or continuation

school district for school purposes, would result in taxes equal to the moneys so received by the board, adjusted by the provincial equalizing factor;

(b) "population" means the total population of each municipality within or partly within the high- or continuation-school district, whether or not only part of the municipality is included in the district, as shown by the assessment rolls on which taxes for the preceding year were levied, less the number of inmates of public institutions; and

"assessment per capita" means the quotient obtained by dividing the number representing the total assessment of the municipalities within or partly within the high- or continuation-school district by the number representing the total population of the municipalities, but where the assessment per capita to be used for a board in the calculation of the grant under subregulation 4, 6, or 7 of regulation 21 is more than 110 per cent of the assessment per capita used for that board in the preceding year, the assessment per capita of that board means 110 per cent of the latter, and where there is no assessment for school purposes, the assessment per capita shall be deemed to be \$2600.

AVERAGE DAILY ATTENDANCE

19.—(1) Subject to subregulation 2, "average daily attendance" for a board for the purpose of determining the grant in respect of average daily attendance provided in regulation 21, means average daily attendance of pupils in the school or schools operated by the board in the preceding year, exclusive of the average daily attendance of pupils whose fees are payable by another board but inclusive of any additional average daily attendance to which the board is entitled under regulation 20.

(2) For the purposes of subregulation 1, the average daily attendance of a high or continuation school shall be not less than the figure computed by subtracting the average daily attendance of pupils whose fees are payable by another board and who attended the school from 20, or in the case of a school on an island or in a territorial district, from 40.

20.—(1) Where the board operates one or more departments of agriculture, the average daily attendance, as provided in regulation 19, shall be increased for each department by the number set forth in Column 2 in accordance with the average daily attendance of all pupils attending the school in the preceding year set opposite thereto in Column 1 as follows:

COLUMN 1	COLUMN 2
Average daily attendance of school	Number to be added
Under 100	10
100 but under 200	15
200 but under 300	20
300 or more	25

(2) Where the board operates one or more industrial-arts or home-economics class-rooms in a high or continuation school, the average daily attendance, as provided in regulation 19, shall be increased for each of those class-rooms by the number set forth in Column 2 in accordance with the average daily attendance of all pupils attending the school in the preceding year set opposite thereto in Column 1 as follows:

COLUMN 1	COLUMN 2
Average daily attendance of school	Number to be added
Under 50	1
50 but under 100	2
100 but under 200	3
200 but under 300	4
300 or more	5

(3) Where the pupils of 2 or more schools operated by a board receive instruction in industrial arts or home economics in one school operated by that board, the average daily attendance of those schools shall be added together for the purpose of subregulation 2.

(4) Where the board operates one or more home-instruction units, the average daily attendance, as provided in regulation 19, shall be increased for each of those units by 2.

(5) Where a department, class-room, or unit was in operation for only one term in the preceding year, the average daily attendance shall be increased by one-half of the number calculated under subregulations 1, 2, and 4, respectively.

AMOUNT OF GRANTS

21. Subject to regulations 24, 25, 26 and 37,

(1) A board that operated a high school or a vocational school in the preceding year and that was supported by assessment from an urban municipality having a population of 90,000 or more, subject to subregulation 5, shall be paid a grant of a percentage of the recognized cost and a grant per pupil of average daily attendance in accordance with the recognized extraordinary expenditure per pupil given at the top of the table and with the assessment per capita in Column 1 of the table as follows:

(4) A board that operated a high school or a vocational school in the preceding year and that was supported by assessment from either one or both of

(a) one or more urban municipalities each having a population under 13,000, and

(b) one or more rural municipalities or parts thereof,

subject to subregulation 5, shall be paid a grant of a percentage of the recognized cost and a grant per pupil of average daily attendance in accordance with the recognized extraordinary expenditure per pupil given at the top of the table and with the assessment per capita given in Column 1 of the table as follows:
